**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

This country needs new ideas, innovations, and competitions. I was on ATT DSL and Comcast Cable Internet. These companies are known for their high prices and crapy service.

Consumers and private companies need to have new competition for internet services. The nature of competition brings out the best in services and price for the end users. Sonic is a fresh idea and give Telco companies a new reputation, a good one.

FCC, as a regulator, should embrace new ISP to spark new interest and re-ignite old (ATT & Comcast) companies to improve.
